Universal Human Values – II (UHV-II)

Module 1 · Session 6 — Student Activity Worksheet

Lecture 6 — Method to Fulfil the Basic Human Aspirations

Session	6	**Lecture**	Lecture 6
Topic	Method to Fulfil the Basic Human Aspirations (understanding and living in harmony at all four levels of being)		
Name	MD ZAID	**Reg. No.**	RA2511026010522
Branch / Sec.	CSE-AIML/AI1	**Date**	28th August 2026

Session Learning Outcomes

By the end of this session, the student should be able to:

- Describe the method to fulfil basic human aspirations via harmony at four levels.
- Explain the two-fold program of understanding harmony and living in harmony.
- Explain how harmony at one level supports harmony at other levels.

How to Engage with this Session (The Process)

- Whatever is said is a proposal — do not assume it to be true or false.
- Verify it on your own right, on the basis of your natural acceptance.
- It is a dialogue: first with the teacher, then within your own self — between what you are and what you really want to be.

Part A — Key Ideas (Recap)

- Happiness is to be in harmony; continuity of happiness is harmony at all four levels of being.
- Living with human consciousness: right understanding (1), relationship (2), physical facility (3) → mutual happiness and prosperity.
- Our program: understand harmony AND live in harmony at all four levels (human being, family, society, nature/existence).
- Proposals are to be verified on the basis of natural acceptance and validated experientially by living accordingly.
- Working for harmony at one level helps — or at least does not contradict — harmony at the other levels.

Part B — In-Class Activity

Activity 1 — Living with Human Consciousness

Fill the priority (1/2/3) and the outcome for each.

Component	Priority (1/2/3)	Outcome
Right understanding (in the self)	1	Mutual Happiness & Fulfilment
Relationship (with human beings)	2	Mutual Happiness in Relationships
Physical facility (with rest of nature)	3	Mutual Prosperity with Nature

Activity 2 — Our Program

Write the four levels at which we are to understand and live in harmony, and the two steps for working with any proposal.

Four Levels of Harmony:

1. Individual (Self)
2. Family
3. Society
4. Nature / Existence

Two Steps for Working with Proposals:

1. Verification based on Natural Acceptance
2. Experiential Validation through living accordingly

Activity 3 — Harmony at One Level vs Another

Take an example where ensuring harmony at one level seems to disturb another (e.g. time for right understanding vs family). How would working for harmony — not managing — help at both?

Harmony at the individual level creates clarity and removes internal confusion. When right understanding is prioritized, time management between personal growth and family responsibilities becomes clear, establishing mutual trust rather than conflict.

Activity 4 — Family or Society?

Where would you place each, and why (feeling of relationship vs common goal)? In-laws, neighbours, your workplace/organisation.

1. In-laws

   Family

   Governed by direct feelings of relationship, trust, and care.

2. Neighbours

   Family / Society Bridge

   Involves direct personal interactions while contributing to social order.

3. Workplace / Organization

   Society

   Driven by common social goals, collective production, and societal systems.

Part C — Long-Answer Questions

Q1. Describe the method to fulfil the basic human aspirations through understanding and living in harmony at all four levels of being.

The method requires transitioning from animal consciousness (focusing only on physical facility) to human consciousness.

Priority Sequence:

1. **Right Understanding:** Achieving clarity in the Self.
2. **Right Relationship:** Establishing harmony in family and society based on trust and respect.
3. **Physical Facility:** Interacting with nature for production and right utilization.

Achieving harmony across all four levels (Individual, Family, Society, Nature) delivers continuous happiness and prosperity.

Q2. Explain “Our Program” — the two-fold effort of understanding harmony and living in harmony — and the process by which proposals are checked.

Two-Fold Program:

1. **Understanding Harmony:** Studying and realizing the underlying order across the four levels of existence.
2. **Living in Harmony:** Applying this understanding to thoughts, relationships, and work.

Process for Checking Proposals:

- Treat all information as a proposal.
- Verify proposals using inner Natural Acceptance.

- Validate through behavior (experiencing mutual happiness with humans) and work (experiencing mutual prosperity with nature)

Q3. If ensuring harmony at one level seems to disturb another, how can a program for continuity of happiness be made? Explain how working for harmony at the individual level helps at the other levels.

Harmony at the individual level serves as the foundation for all other levels.

Apparent conflicts across levels arise from pre-conditioned assumptions rather than genuine contradictions.

Establishing right understanding individually provides clarity, emotional balance, and effective problem-solving, which naturally fosters harmony within families, communities, and nature.
